

Executive Financial Brief

Enterprise Freight Demo | YTD through July 2026 | Actual vs Budget | USD

Revenue is ahead of target, but profitability conversion requires management attention.

REVENUE \$21,900,000	REVENUE VARIANCE % 4.2%	GROSS PROFIT \$5,050,000	GP VARIANCE % -2.1%
GP MARGIN 0.2	MARGIN VARIANCE PP -1.50 pp	SHIPMENTS 8,420.0	TEUS 6,340.0

Financial Performance

Revenue closed at \$21,900,000, 4.2% above Budget. Gross Profit was \$5,050,000, 2.1% below target. GP Margin finished at 23.1%, -1.50 pp versus target.

Operational Performance

The period recorded 8,420 shipments, 11,280.5 tons and 6,340.0 TEUs.

Top Risks

- Air Export margin is below target due to higher direct freight cost.
- Customer concentration remains elevated in the top five accounts.

Top Opportunities

- Ocean Export Gross Profit is above Budget and can support expansion.
- High-margin trade lanes have available volume capacity.
